

PRESS RELEASE

Madrid, Paris, September 13th, 2022

ACQUISITION OF ASIDEK BY ARKANCE – A SUBSIDIARY OF MONNOYEUR

On September 13th, 2022, ARKANCE - subsidiary of MONNOYEUR - acquired ASIDEK from CT. Founded in 1992, Asidek is a key player in the digitalization of Building Construction and Manufacturing industries in Spain and Portugal. It thus completes its portfolio of solutions and strengthens its leading position in the distribution of CAD and BIM technologies across Europe and Turkey. Arkance Systems reinforces its position within Europe as a Platinum Autodesk partner with offices in Benelux, France, Poland, Czech Republic, Slovakia, Turkey, Finland, Hungary, Spain and Portugal.

Partner to build smarter

This acquisition is in line with MONNOYEUR's strategy to establish a leading European distribution network to support its clients - Building and Earthmoving Contractors, Design Offices, Infrastructure Owners, Manufacturing Companies and Mines and Quarry operators – on their digitalization journey.

"In just a few years, ARKANCE has become a major player in the AUTODESK channel network in Europe, and now takes a leading position in many countries in Europe. We are extremely satisfied with the development of this activity within our Group and with the unique value proposition it enables us to offer to our traditional customers in the Construction industry but also more widely to the Manufacturing players" says Philippe MONNOYEUR, CEO of MONNOYEUR Group.

Historically linked to the Construction business through its CATERPILLAR dealership activities in Europe, MONNOYEUR was able to perceive very early on the major impact that digitization would have on its customers in the long term.

By acquiring ASIDEK, ARKANCE is investing in one of AUTODESK's largest Value Added Resellers of Southern of Europe, where it has a network of 9 offices distributed throughout Spain and Portugal.

Entry of the Spanish and Portuguese markets

Gregoire ARRANZ, CEO of ARKANCE says: "I am very excited and proud to share with you that ASIDEK is becoming part of Arkance. ASIDEK has a strong position in the southern European market, through which we substantially increase our presence in the European market. Our team of experts and specialists is growing, making us even more capable to support our customers in their digital transition, now and in the future. I look forward to welcoming the 42 colleagues of ASIDEK to the ARKANCE family. ASIDEK is focused on the consultancy and implementation of CAD/CAM/CAE/PLM technologies for the most diverse industrial sectors (Architecture, Engineering, Construction, Natural Resources, Aeronautics, Automotive or Industrial Machinery)"

Jesus Prieto, CEO and President of CT said "Arkance highly values Asidesk's leadership as one of the most relevant Platinum resellers in Southern Europe. The integration will allow Iker Ochoa and the entire Asidek team to continue growing within an organization that is exclusively focused on Autodesk business. CT will continue to focus on developing new businesses based on digitalization."

“The Asidek team is pleased to become part of a distinguished group such as ARKANCE SYSTEMS. We are confident that the steps taken will contribute to both the professional and personal development of the Asidek team as well as to remain front runners in Spain and Portugal. Undoubtedly, this step will allow us to continue helping our customers in their digital transformation processes to be more effective and competitive,” says Iker Otxoa, Managing Director Spain & Portugal.
